DETAILED ACTION

1. This is with regards to the Amendments to the Claims, Drawings and Specification, and to the Remarks, all filed 11/20/2006. It is acknowledged that Applicants have amended claims 1 – 3, 4 – 10, 15 and 16. Claims 1 – 18 are pending in this Application, while claims 17 and 18 have been withdrawn by Applicants.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The Examiner has canceled claims 17 and 18 since Applicants have elected claims 1 – 16 for prosecution without traverse. Claims 1 – 16 are now in condition for allowance.

Allowable Subject Matter

3. Claims 1 – 16 are allowed.

4. The following is an examiner's statement of reasons for allowance: Applicants' arguments cited in the Remarks filed 11/20/2006 are persuasive. Prior art does not teach the claimed limitations pertaining to the method and system for evaluating a semiconductor pattern to be fabricated that includes among other elements a feature index calculation for quantifying a property of a three dimensional pattern, and a database for recording the relationship.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
